Watton Annual Town Report 2021

We thank Watton Council for the grant we gratefully received in 2019 this was used to purchase stackable folding chairs to replace our older broken ones, and also two sign written banners, a large upright fin like banner and a long rectangular one.

These have been purchased and are now in use by the Twinning Association when we hold events through out the year.

Like many other organisations we have not been able to have meetings or fund raising events since March 2020.

Hopefully, we are looking forward to 2022 all being well that we can have our visitors from our twin town Weeze in Germany. This would be to celebrate the 35th Anniversary of our two towns and Councils coming together.

This concludes my report

Margaret Devine (Chair)
